EDUCATION

• KL University	2021-2025
B.Tech CSE Honors with CYBER SECURITY and BLOCKCHAIN TECHNOLOGY specialization	CGPA: 9.11
• Krishna Chaitanya Junior college	2019-2021
Board of Intermediate Education, Andhra Pradesh	Percentage: 92.6
• Sri Chaitanya High School	2019
Board of Secondary Education, Andhra Pradesh	GPA: 10.0

EXPERIENCE

- **AICTE Internship**
 - Completed AICTE internship with a specialized focus on cybersecurity, acquiring practical exposure to fundamental concepts in the field
 - Demonstrated proficiency in implementing security protocols and deploying threat detection/prevention strategies through hands-on experience with Palo Alto networks and associated tools.
 - Developed comprehensive skills in network security, firewall management, and incident response, primed for application in real-world scenarios.
- **Full stack web developer intern | Code Clause**
 - Completed a virtual internship at Code Clause, focusing on web development, and achieved success in mastering key concepts.
 - Enhanced proficiency in coding, testing, and debugging web applications, thereby elevating development skills to a higher level.
 - Spearheaded the development of APIs for a weather forecast application, showcasing adeptness in integrating external data sources and optimizing project functionality.

PROJECTS

- **FHM - Food And Hospitality Management** Aug 2022 - Dec 2022
 - Led the creation of the Food and Hospitality Management System, employing modern technologies like React.js, JavaScript, Node.js, MongoDB, and Express.js.
 - Designed and implemented a user-friendly interface
- **CRS - Car rental System** Jan 2023 - May 2023
 - Directed the development of the Car Rental System, harnessing tools and technologies including Django, PyCharm, MySQL, HTML, CSS, and Python.
 - Orchestrated a seamless connection between vendors and customers through an intuitive and user-friendly platform
- **CSM - Car Showroom Management** Jun 2023 - Aug 2023
 - Leveraged Java EE, Red Hat Code Ready Studio, Eclipse, MySQL, HTML, and Cascading Style Sheets (CSS) in the development process.
 - The Car Showroom Management System serves as a resilient platform for streamlining and automating daily operational workflows, ensuring seamless data management.

TECHNICAL SKILLS AND INTERESTS

Languages: C, Java, Python, JavaScript
Frameworks: Django, React, Node.js, Spring Boot
Cloud/Databases: Amazon Web Services (AWS), MySQL, PostgreSQL, MongoDB
Soft Skills: Communication, Teamwork, Leadership, Decision Making
Areas of Interest: Web development, Graphic design

CERTIFICATIONS

- **Wipro TalentNext Java Full Stack Certification | WIPRO** Oct 2024
- **Microsoft Certified Azure AI Fundamentals | MICROSOFT** January 2023
- **Red Hat Certified Enterprise Application Developer | REDHAT** August 2023
- **Automation Anywhere Certified Essentials RPA Professional | Automation Anywhere** June 2024
